**Part II Organizational Action** Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ Viper Energy Partners LP ("Viper") has reasonably estimated that Viper's distribution payable on August 21, 2019, should not constitute a dividend for U.S. federal income tax purposes but rather should generally constitute a non-taxable reduction to the tax basis of each distribution recipient's ownership interest in Viper. This form 8937 is being filed to disclose Viper's reasonable estimate in this regard.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ Generally, non-dividend distributions should reduce the tax basis of the shares of stock owned by the recipient(s) of the non-dividend distributions. The reduction to the tax basis of each share of stock owned should be the amount of the non-dividend distribution received. Viper has reasonably estimated that the entire amount of the distribution payable on August 21, 2019, should constitute a non-dividend distribution and that no part of the distribution should be treated as a dividend. Accordingly, each distribution recipient should generally treat the full amount of the distribution payable on August 21, 2019, as a reduction to the tax basis of the recipient's ownership interest in Viper.

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The reduction to the tax basis of each share of stock owned by a recipient of a non-dividend distribution should generally be the amount of the non-dividend distribution received with respect to each share. Accordingly, recipients of the Viper distribution payable on August 21, 2019, should generally reduce their tax basis in each share of Viper stock (i.e., limited partner unit) by \$0.47 per share (i.e., per unit) when the distribution is received.
